President's Remarks for March 2015

Fields of Spring

Here we are more than half way through winter and looking forward to spring. This spring will be a special one for us, as we will have two lovely, naturalized daffodil fields to greet us. One is at the park beside the Colborne Seniors Centre. The other is in Postridge Park in northeast Oakville. These soon-to-be seen daffodil fields exist because of the dedicated work of several persons with an incredible vision.

The "Fields of Spring" were the brainchild of Margaret Jeffery. She had the vision, came up with a viable plan and budget, and proposed the plan to the OHS and the Town of Oakville.

Once the proposal was enthusiastically accepted, Margaret worked with the Town to locate suitable sites. She developed a plan and researched the varieties of bulbs that would best suit the chosen sites. Margaret and her husband Gilbert then purchased transported and sorted the bulbs. Margaret, Gilbert, and Cathy, we enthusiastically thank you for all your diligent work and your vision.

The Town of Oakville prepared the land - not an easy job in Oakville's stony southern soil and the red clay in the north.

Margaret and Cathy marked out the planting grid and invited members of the Oakville Horticultural Society and the Bronte Horticultural Society to join forces to plant the over 4000 daffodil bulbs. This turned into a wonderful opportunity for getting to know our fellow Bronte gardeners better. We hope this will be the first of many opportunities for the OHS to join with Bronte and other garden clubs in future joint ventures. Many sincere thanks go out to all our planters.

Once planted, Margaret and Cathy raked and seeded the plots with eco-lawn grass seed. The Town of Oakville will be responsible for the watering and care of the naturalized sites over the next two years until the sites are well established. OHS members, under Margaret's guidance, will deadhead and weed the plots and over seed as needed. We are very grateful to the following for their assistance and guidance in helping us realize our dream:

Suppliers and Test Bed Supporters: Garden Import, President Dugald Cameron, Vanhof & Blokker, Ferdinand Ottawa Van Noort Bulbs Co., Dennis Fallat

.... Con't Pg 2

Project Supporters: Town of Oakville, Parks, and Open Space, Jane Arnott, Senior Manager , Operations Steve Wiersma, Supervisor of Horticulture

Region of Halton: Kathy MacAlpine-Simms, Water Efficiency Program Manager, Donna Doyle, Town of Oakville, Senior Environment Policy Analyst

Members of the Oakville Horticultural Society

Members of the Bronte Horticultural Society: who joined us for the two planting sessions.

The final step is for all Oakville and Bronte residents to see and enjoy the spring drifts of daffodils that will grace our park landscapes and make our hearts delight in the colours and fragrance of spring.

Marie

One quick personal note. Please take note of those suppliers who supported this project. If you find yourself in need of bulbs take a moment to search out their products. It is the least we can do as gardeners for what they have done for us. Thank you, John Comber

Guest speaker
Lorraine Roberts, co-owner Plant Paradise
Country Gardens in Caledon

**The OHS is proud to present
Cathy Kavassalis speaking on:
Herbs – from the savoury to the
sensual to deadly poison**

We all know Cathy is passionate about her plants. What you may not know is that her first garden was a tiered herb garden filled with plants of historic importance and interesting chemistry, including Agatha Christie's favourite poisonous plants. In addition to being your co-president, she is a Master Gardener serving with the Halton Master Gardener Group. A scientist, educator and inspirational speaker, Cathy endeavours to stimulate interest and awe in the living world.

Come and learn how you can enjoy the heady aromas of herbs in your garden or on your windowsill. Whether for culinary delights, calming infusions or causing calamities, there are hundreds of herbs that are easy to grow. The seductive perfumes of a "Damask Rose" will delight any gardener, while the beautiful "Monkshood" cloaks her deadly poisons in regal shrouds. Whatever your bent, there is an herb for you. Join former chemist, Cathy Kavassalis, and learn about the joys and perils of herb gardening.

8. Bulbs, forced - minimum 5 bulbs in bloom - 1 pot

9. Cactus or succulent

10. Gesneriad, including African violet - single crown

11. House plant, grown for flowers or fruit - 1 pot

12. House plant grown for foliage - 1 pot

13. A craft item, must have some horticultural content, made by the exhibitor, not previously shown

14. Educational exhibit ²

**15. Any other cultivar (AOC) ³ - 1 stem or bloom
Special Exhibit**

16. Pot-et-Fleur, not to exceed 18" in any direction (see OJES Book pages 75, 103)

AOC: Any Other Cultivar, means any other cultivar/ variety/species not listed in the schedule.

Please Note:

All show entries -- design, horticulture, photography -- must be in place in the upstairs hall by 7:20 pm, prior to commencement of judging.

Guidelines:

All entries must be grown by the exhibitor.

Exhibitors are allowed three entries in each section, provided each specimen is a different cultivar.

When a height limit is specified for an annual or perennial, this refers to the growing height of the plant not the cut length of the specimen. Where 3 specimens of the same cultivar are asked for, the specimens should be uniform, free of disease or insect damage and at an appropriate stage of maturity

Educational Exhibit: This exhibit will be scored out of 5 points and the points will count toward trophies. Educational exhibits are designed to instruct the viewer in some aspect of horticulture (e.g., plant propagation, environment, endangered plant preservation, etc). The exhibit must contain plant material and should include both botanical and common plant names. It should also mention plant origin, habitat, culture (how it is grown), usage and history. The exhibit will also be judged on clear, concise presentation, attractiveness, quality and condition of plant material, originality and creativity. (O.J.E.S. pg. 76)

AOC: The "Any Other Cultivar" class has been added for plants that do not fall into any other show category. (O.J.E.S. pg. 90)

Judges follow the "Ontario Judging and Exhibiting Standards for Horticulture and Floral Design, Publication 34 / 2003," (O.J.E.S.) published by the Ontario Horticultural Association and Garden Clubs of Ontario. Judges may disqualify entries that do not follow the guidelines. A copy of Publication 34 can be found in our Library or you may purchase a copy from the Society.

Gardens of Summer

It is truly amazing what one determined volunteer can achieve. Imagine a team of volunteers all dedicated to one cause; they would be unstoppable. We need such teams in the OHS to keep our practices new and vibrant. There is an opportunity for a team of 5-6 persons to get together and plan a garden tour for the year 2015. The garden tour this year could be made up of member gardens as we have some incredible gardens and gardeners in our midst. What fun you could have visiting member gardens, choosing the gardens to be on the tour, and enjoying the hospitality of our members as you visit their gardens. And, the team gets much larger.

Once we have a slate of gardens to visit, we can then start looking for members to volunteer to host in the gardens.

Having done this many times, I can attest that hosting in a garden and getting to know the garden owners well has been one of the most enjoyable things I have ever done and I have acquired some incredible new friends through the process.

We encourage you to become part of the base team to plan and help organize a garden tour in 2015.

You will find that once you get started you will have no lack of volunteers to help you.

The OHS needs to fund raise and a garden tour is a lovely way to start. Please seriously consider joining your gardening friends and make this happen! We know you have the talent and the drive to succeed!

**The Good Times Just
Keep On Coming
2015 Ontario Horticultural
Association Convention Report**

We are now into the home stretch but there is still plenty of work to be done. There will be an update at the District 6 Spring Workshop and Flower Show on April 11.

After that, the planning meetings will be back at Redeemer College.

You will be able to see the site first-hand when you attend those meetings.

If you still wish to volunteer please let me know or contact Lianne Krane or Barb Bell directly at:

l.krane@vehiclepathcanda.ca

bellpepper@sympatico.ca

If you have already volunteered, please send me your volunteer hours. When you reach 15 hours, you can register for the convention at the special reduced rate.

There is a special volunteer registration form available. Ask me for a copy. Once you have reached your 15 hours, fill out the form, and send it directly to Lianne Krane or to Barb Bell. Use this form to sign up for convention meals, college accommodation, or bus trips. If you have signed up for a bus trip go to the gardenontario.org web site. Find the convention registration form, download the bus trip waiver (bottom right-hand corner of the registration form), fill it out and send it to Lianne or Barb with your registration form and your cheques, one for bus trips, one for everything else.

See you at the Convention *Marie*
